F. WORKSHOP DISCUSSION TOPICS

There are no workshop topics planned for the afternoon session.

NOTES:

Pending Decisions - Program staff will provide a status report for decisions that are anticipated to be made within the next 30 days; some of these may be delegated by the Director to the Deputy Director, Program Director, or Division Chiefs. (To view a permit, grant or contract related item click on the following link or paste the address into your browser --

<http://www.calrecycle.ca.gov/Actions/Default.aspx?Grouped=False&TimeFrameIndex=6&ActionItemTypeCategoryID=13> . Decisions will not be made during the workshop on the items being discussed. Members of the public who have an interest in an item under consideration and who wish to provide

oral comments will be given time to speak. If comments received during the workshop indicate controversy regarding the proposed item or call into question one or more of the findings the Department must make to approve the proposed decision, the Director may choose to review all the information regarding this determination before it is made and may hold an additional public meeting if that is determined to be necessary before making the determination.

Decisions made in the past 30 days - Decisions listed have been made by the director of the delegated official within the last 30-45 days. Copies of the decision documents and, when appropriate, supporting staff reports and/or other materials can be accessed from the CalRecycle web.

Workshop discussion topics - Established times are set aside in the agenda for these detailed discussions. In most cases information will be posted prior to the workshop.

Status Report - Program staff will provide updates on ongoing projects and other work activities currently under way. Staff will receive public comments on these work efforts. Activities that may be discussed include but are not limited to local planning documents, regulatory efforts, grant and loan programs, contracts, and program development/implementation activities. Written materials associated with updates may not necessarily be developed.
